FOR SALE.—I F. P. Gasoline lighting machine of six lights, with all piping and everything first-class condition; will sell at a bargain; also a lot of show cases as good as new. Address Thos. KENNEDY, Mt. Sterling, Ky.

CORRESPONDENTS WANTED.—The OUTLOOK would like to have a correspondent at Sharpsburg, Sherrborne and Wyoming, one that will get up real news and send in regularly. A copy of the paper and stationery will be supplied to the right parties. Especially do we wish correspondents that will send something interesting and avoid mere visits between neighbors.

PROOF HAS.—Some stir was recently made in the newspapers about the lady members of a certain church in Mercer county contributing all the eggs laid by their hens on Sunday to the church's foreign missionary fund. A Wyoming hen boasts that story a block by creeping into the Christian Church at Wyoming when the door was inadvertently left open last week and laying six eggs in the collection basket. This is no joke, but is vouched for by a veracious citizen.

SPRING CLOTHES.—When you are ready to buy your spring suit, hat, shoes, shirt, collar, tie, suspenders, underwear, etc., please remember that I have one of the nicest stocks of all such goods to be found in town. I have no old stock; all new and up to date, for men, youths and boys, in any quality. I will make prices less than any one else can, because I have less expense to make. Give me your measure for one of Wana-maker & Brown's tailor-made suits, satisfaction guaranteed. Try me and I will save you money. JAMES GILSON.

The bride is a daughter of Samuel McClain and is a her sixteenth year. The bridegroom is an industrious man, aged 33 years, and lives on Col. H. H. Ewing's farm.

NO RACE SUICIDE THERE.—The residents of the Bigstaff neighborhood on Flat Creek are demonstrating that there shall be no race suicide so far as they are concerned. However, one husband whose spouse was credited with five babies born inside of one year indignantly denied it and proceeded to prove that her triplets and twins were born something more than a year apart. Another comparative young couple has twelve children, another had ten and lost three, and another had five inside of eight years. A FRIEND.

FOR RENT.—My residence property on Main street. Excellent garden; good water; considerable fruit. Miss JENNIE ELLIOTT.

Thos. J. Jones will open out in the livery business at the Olympian Springs June 1, having secured the contract with the company.

ELECTRIC LINE.—Hon. Will A. Young, who was in the Eastern cities recently, reports that the electric railway line from Salt Lick via Owingsville and Harpersburg to Mt. Sterling will be surveyed shortly.

ONLY ONE GALLON.—The lid is on now sure enough, boys. You can't get it in this county and you can't send away and get it. You can go out of the county and bring in one gallon, and no more. A strict construction of the law may require that an officer meet you at the county line, estimate what you have in your tank and then decide that from your jug allowance for the morning after, so as to see that you don't exceed your lawful limit. Be careful, boys; be careful not to exceed the lawful allowance of one gallon only.

AFTER YOUR STUFF.—The State Board of Equalization the first dash out of the box popped on Bath county taxpayers a raise of twenty-five per cent. on farm lands, and fifteen per cent. on town lots. Judge James W. Lane, Judge C. W. Goodpastor and James J. Nesbitt are going to appear before the board April 17 to try and induce it to modify its exaction.

It is nothing short of an outrage that the taxpayer who gives in the highest market price, sometimes at public auction, still has to pay on the increase, thus paying on more than the property will bring. Nothing but bad government can be pleaded in extenuation, and that is no plea at all.

MAGUIRE GAITSKILL.—A wedding to which the friends of the contracting parties had looked forward with much interest was solemnized Wednesday afternoon at 2:30 o'clock at the residence of the bride's parents, Mr. and Mrs. J. Ed Gaitskill, on Lexington avenue. The contracting parties were Mr. Hugh Maguire and Miss Elizabeth Gaitskill, two well known and popular young people. Dr. John L. Weber, of Kentucky Wesleyan College, officiated and the ceremony was solemn and impressive.

Miss Jane Gaitskill, sister of the bride, was maid of honor, and Mr. T. W. Power, of Franklin, was best man. Miss Mary Hunter and Evelyn Price were bridesmaids. The bride was attired in white silk trimmed in duchesse lace; she wore a white hat and instead of the usual bouquet of flowers, carried a shower of tulle. The bridesmaids were gowned in white Paris muslin, elaborately garnished in valence lace and carried bouquets of pink carnations and fern tied with tulle. The maid of honor wore white Paris muslin trimmed with lace and her bouquet was white carnations and fern tied with tulle. After the ceremony the bridal couple left on the C. & O. train for an extensive bridal tour. After their return they will reside at Franklin, Ky.—Winchester Democrat.

The bride is the sister of Mrs. Jesse Hampton, of near Preston, and visited her frequently while she lived here. She was very popular in society.

Mrs. ELLEN VICE'S DEATH.—Mrs. Ellen Vice, the widow of John A. Vice, of near Sherburne, was stricken with paralysis March 27 and died April 3 at 7 p. m. Funeral services were conducted at the house of Moses T. Hendrix (that being her home) by Rev. Fizer; the interment followed at Longview Cemetery.

Mrs. Ellen Vice was a daughter of Thomas Bromagen and a sister of Jefferson Bromagen. She was born May 11, 1822, in Bath county, Ky., and was reared and lived in the immediate vicinity where she died. She united herself with the Methodist church at the age of 18. She was married to John A. Vice in 1840. There were no children born of this union. There is none of her father's family that survives her. Aunt Ellen, as she was called, was a lady of the most admirable type of womanhood. She was a devoted wife, a true friend and an excellent neighbor. As mistress of a hospitable home, she endeavored herself to her guests and made enduring friends of those with whom she came in contact. Her house and contents were destroyed by fire some months previous to her death. However, she had the good fortune to secure a home with her neighbor M. T. Hendrix, where every tender care was administered to her by the family, with facilities far superior than would have been possible had she been in her own home. In her last words she expressed implicit faith in Christ and was perfectly resigned to dispose of the inevitable debt which we must all sooner or later pay. Aunt Ellen was a noble woman and the native community mourns her decease. A FRIEND.

Lane was made County Treasurer and Coleman Jackson, Commissioner of the Poor on Tuesday of last week was found to be illegal and the Court met again Tuesday of this week and elected James Shanksland, of Sharpsburg, Treasurer and Coleman Jackson, Commissioner.

**VETERAN DEAD.**—Col. Thomas Johnson, a Mexican war veteran, member of the Confederate Congress, commander of the Second Battalion of Mounted Rifles in the Confederate army and a prominent and influential citizen of Mt. Sterling, died Saturday night. He was born July 4, 1812. Capt. W. P. Conner's company belonged to his command. His wife, who was a daughter of A. G. Peters, lives here. Their children are Albert Sidney, Mrs. Katie Riley, Mrs. J. M. Hoffman, Miss Annie and Sussette, all of Mt. Sterling, and Mrs. J. M. Hutton, of Cincinnati. Col. Johnson was an extensive farmer and leaves a large estate.

**COURT DAY.**—The weather threatened rain Monday morning, but nevertheless, a good-sized crowd came to town. The merchants generally report a good trade.

Among the sales of live stock were:

Thos. McClintock, who is a regular contractor, sold a pair of Walter Sharp's mules for \$135. Dawson one for \$160, of C. S. Steele a horse for \$140, of T. S. Shroat one for \$150, of John A. Tinscher a pair of mules for \$38, of Jesse Hampton a horse for \$75, of Butler Toy a mule for \$140, of James Corbin a mule for \$150, of P. R. Stone a horse for \$25.

Thos. A. Myers bought a horse of John A. Anderson for \$145. Dudley Warner sold to R. B. Brother a Bourne Child 2-year-old filly.

Peter Stephens sold a 5 year old LeGrand horse to Jop Harper, of Mt. Sterling.

John L. Vice bought 40 ewes of Woods Power at \$6 per head with 30 lambs thrown in.

W. W. Power sold a work horse to Dawson Tapp for \$125.

John A. Tinscher bought a pair of mules for \$280, and sold one for \$150.

T. S. Shroat sold a horse to Clay Whitton for \$130; one to Henry Tinscher for \$50.

Clay Coyle sold a sow and ten pigs to Judge J. W. Lane for \$30.

**DON'T INTENTIONALLY RESIST OFFICER.**—George Williams, father of John Williams, who was held over to Circuit Court under \$500 bond on the charge of shooting in a Licking River Railway car, wishes it understood that the report that he intentionally resisted Constable Milton Evans and aided his son to escape is not true. He says that when his son came to his house he did not know that he had done anything unlawful nor that he was under arrest. He says he was lying down and was asleep when the son came into the house. The son passed through a room in which there was a gun, and in grabbing the gun he either made a noise or the boy's mother spoke to him and woke the father, who arose, grabbed a gun in the room and started out the door to stop the boy and take the gun from him. At this instant Evans appeared and the father leveled the gun at him, not knowing that he was an officer in the discharge of his duty, and supposing that Evans was merely associating with his son on a spree. Furthermore had his son under arrest he would have aided him to prevent his escape.

However, at the trial here Saturday afternoon before Judge J. Lane George Williams was held over to Circuit Court under \$100 bond, which he gave.

John Williams' trial on the concealed-weapon charge was postponed until the first Saturday in June.

**LOUISVILLE TOBACCO MARKET.**—Saturday Evening, April 7.—A new season record was made in the leaf tobacco market during the past week when a crop of 89 hogheads was sold by Henry B. Clay, of Clark county, at an average of \$15.28 per hundred pounds, one hoghead bringing \$25. The sale at \$25 equals the record of 1901 and surpasses that of last year, when the highest price was \$22.50. The total sales at the houses of the Louisville Tobacco Warehouse Company were 2,727 hogheads at an average of \$3.60 per hundred. This compares with \$7.84 during the same week a year ago. During the week Central House sold 533 hogheads at an average of \$3.10. The past week the tobacco market, though not so active as last week, was unusually large, and a quality has been exchanged. Some of the finest types of leaf tobacco have been seen for several years. Local buyers were, of course, also more satisfactory of the bright and early showing a considerable improvement in value.

There has been a scarcity of very fine tobacco this year and when the samples of fancy tobaccos which were offered were put before the buyers, bidding was brisk and active and the buyers in order to secure them bid prices up so that they were better than for some time. The market was not only strong and active for the fancy grades, but most all grades sold a little higher and at satisfactory prices.

The wet weather which has prevailed of late has caused the tobacco to soften considerably, and the farmers in fear that the approaching hot weather would probably spoil it, have shipped their crops to the open markets, and on this account the offerings have been large. For the same reason many hogheads of the finest quality have been shipped with the others, the farmers who probably figured on holding them for better figures, deciding that it was best to sell at the prevailing prices, and as a consequence the past week the market has been flooded with tobacco of excellent quality. As a whole the market has been more satisfactory to the farmer than at any time this season. Not only the Burley market has shown strength, but the dark market also was much improved, and both the fired and unfired types were stronger. The offerings were not large, but condition was good, and this has been satisfactory to the buyer, and he accordingly has paid good prices.

The color grades showed the most strength in the Burley market, and the good and fine leaf, especially cutters, twist and the spun roll wrappers, sold at the highest prices so far realized during the season. The request for common and color smokers was excellent, and prices were firm with an upward tendency. Common and mixed trash was firm and the manufacturing leaf and all rehanding grades were a few bids higher. Short common leaf was a little changed in price, but the demand was slightly stronger.

Only a few hogheads of old dark or Green rivers were offered, and the hogheads of old Burley were also slight.—Courier Journal.
